

Job Title: Primary Care Physician

Job Summary:

Griffin Faculty Physicians is actively seeking a board-certified physician to join our group, providing high quality primary care in an office-based setting.

Job Responsibilities:

- Examine, obtain medical history and treat acute and chronic illnesses.
- Order, perform and interpret diagnostic tests.
- Create treatment plans, and involve patients and family members in those plans.
- Initiate appropriate specialty referrals.
- Collaborate on improvement in care delivery and service with management, other physicians and staff.
- Work with care team to close care gaps and improve quality measures.
- Participate in Patient-Centered Medical Home (PCMH) and Accountable Care Organization (ACO) initiatives.
- Work with practice management to ensure compliance with billing and coding requirements.
- Provide on call coverage within the primary care group.

Education/Licensing Requirements:

- Graduation from accredited medical school (MD or DO).
- Graduation from accredited Internal Medicine residency program.
- Valid and unrestricted Connecticut medical license or ability to obtain.
- Valid DEA registration and Controlled Substance Certificate.
- Board certified in Internal Medicine.
